

BIODEGRADABLE ASPEN EXCELSIOR WATTLE

SPECIFICATION SHEET

Product Summary

BMP Biodegradable Aspen Excelsior Wattle is made of durable burlap fabric filled with Canadian-grown, weed-free Aspen Excelsior ("wood wool"). These fully natural wattles are designed to filter sediment and reduce flow velocity in channels and slopes with exceptional efficiency.

Easy to install and environmentally friendly, BMP wattles provide superior erosion control while promoting the site's natural recovery process. After decomposition, they become part of the environment.

Biodegradable wood stakes for installation are also available.
